Islamic Finance as a Complex System Haider Ali Khan,Karamo N. M. Sonko,2020-08-15 There has been a rapid increase in the interest in the study of Islamic finance, resulting in a dramatic rise in financing since the beginning of the century. Within the complex financial and economic systems framework, this book addresses questions such as how to conceptualize Islamic financial institutions in a nonlinear general equilibrium system, how to promote Islamic Finance in Africa, how “Islamic” is Islamic finance, and how it affects price stability, among other topics. The book provides case studies in Africa and Asia, addresses the subject in a structural financial CGE model, demonstrates the development impact of Islamic finance,

and presents an Islamic version of the Iceland Plan for Monetary Reform.

Teaching and Research Methods for Islamic Economics and Finance Mohd Ma'Sum Billah, 2022-03-10 Methods and techniques adopted in teaching, training, learning, research, professional development, or capacity building are generally standardized across most traditional disciplines, particularly within developing countries. This is not the case, however, when it comes to the Islamic disciplines, and, in particular, in relation to the study of Islamic economics and finance, which is influenced by conventional standards and techniques. This is primarily due to the lack of availability of the requisite standards and mechanisms designed within the spirit of Maqsid al-Shari'ah. This book offers a unique resource and a comprehensive overview of the contemporary methods and smart techniques available for teaching, learning, and

researching Islamic eco-finance, and it presents solutions to the challenges in implementing them. Further, the book gives deep insight into the most appropriate methodologies that could be employed empirically to explore, model, analyze, and evaluate Islamic finance theories and models, respectively. It also gives recommendations for improving learning, teaching, and research outcomes in Islamic eco-finance. The book also addresses how, in this advanced technological era, smart tools like artificial intelligence, machine learning, big data, Zoom, and the internet of things can be adapted to help equip students, researchers, and scholars with smart skills. The book will enable those studying Islamic economics and finance to grasp the appropriate tools for research and learning. Additionally, the Islamic economics and finance sector is growing at a significant rate and therefore requires the upskilling and capacity building of its human resources; thus, the book will also be highly beneficial for practitioners involved in the industry.

ADAT PERPATIH BERPANDUKAN SYARAK: AMALAN DI NEGERI SEMBILAN DAN MINANGKABAU Mualimin Mochammad Sahid, Azman Ab. Rahman, Mohamad Ikwan Hami, 2018-02-01 Buku bertajuk Adat Perpatih Berpandukan Syarak: Amalan Di Negeri Sembilan dan Minangkabau ini mengandungi pelbagai tajuk berkaitan amalan adat Perpatih dalam pandangan syarak. Ia merupakan kumpulan kertas kerja yang dibentangkan di dalam Seminar Serantau adat Perpatih anjuran bersama fakulti syariah dan undang-undang, Universiti Sains Islam Malaysia (USIM) dan fakultas syariah Institut Agama Islam Negeri (IAIN) Batusangkar. Kajian dalam buku ini adalah hasil daripada penyelidikan yang dijalankan oleh sekumpulan penyelidik yang cuba mengupas konsep kepatuhan syariah ke atas amalan-amalan di dalam Adat Perpatih yang diamalkan dan diyakini sehingga ke hari ini oleh masyarakat Malaysia, khasnya di Negeri Sembilan dan juga Minangkabau, Sumatra Barat. The Role of Islamic Spirituality in the Management and Leadership Process Abdul Mutalib, Mahazan, Rafiki, Ahmad, 2021-05-07 Leaders nowadays need to know, learn, and apply the concept of qalb leadership where it has been taught by the Prophet Muhammad as well as explained by Islamic scholars. The comparison with other mindful leadership concepts is required to provide solutions and options in leadership for better outcomes and spiritual awareness. It is found that leadership literature, in general, is unable to generate an understanding of a leadership concept that is both intellectually compelling and emotionally satisfying. As for qalb leadership, it focuses on the spirituality of leadership that can aid in facing unpredictable manners and provide better outcomes for followers. Research on Islamic leadership and spirituality may pave the way for better leadership practices in the future. The Role of Islamic Spirituality in the Management and Leadership Process will elaborate the spirituality and qalb in human life and leadership along with providing a discussion on the role and function of qalb in the overall leadership process. Through spirituality, human interdependence, creativity, and social justice can be created and molded. This type of leadership enables transformation in a natural way without denying basic human

nature and imparts balance to both the outer and inner needs of humans. With the discussion of four cardinal virtues of Al-Ghazali, leaders can solve many problems that emerge in their organizations. This book is ideal for managers, executives, theologians, professionals, researchers, academicians, and students who are interested in how Islamic spirituality plays a role in leadership.
