In Case of Emergency Mahsa Mohebbi, 2021-11-30 In this prize-winning Iranian novel, a spoiled and foul-mouthed young woman looks to get high while her family and city fall to pieces. What do you do when the world is falling apart and you're in withdrawal? Disillusioned, wealthy, and addicted to opium, Shadi wakes up one day to apocalyptic earthquakes and a dangerously low stash. Outside, Tehran is crumbling: yuppies flee in bumper-to-bumper traffic as skaters and pretty boys rise up to claim the city as theirs. Cross-dressed to evade hijab laws, Shadi flits between her dysfunctional family and depressed friends—all in search of her next fix. Mahsa Mohebbi's groundbreaking novel about Iranian counterculture is a satirical portrait of the disaster that is contemporary life. Weaving together gritty vernacular and cinematic prose, *In Case of Emergency* takes a darkly humorous, scathing look at the authoritarian state, global capitalism, and the gender binary.

Responsible Business Operations Jayashankar M. Swaminathan, Vinayak Deshpande, 2021-02-09 This book presents state-of-the-art research on responsible operations practices. The book identifies the challenges and opportunities arising from the shift towards responsible business operations and examines these issues through the lenses of operations management, emphasizing the supply chain transformations associated with these changes. Developing a responsible business model presents a great opportunity for firms to differentiate in the marketplace through innovative models and insights around responsible operations and supply chain management. To do so, companies in many industries are changing their practices around sourcing materials, supplier compliance around processes and labor, scientific and sustainable approaches to farming in emerging countries, managing counterfeiting risks, and public health management. *Responsible Business Operations: Challenges and Opportunities* is divided into three sections. Section 1 focuses on environmental responsibility for companies. It also explores alternative energy solutions for both the developed and developing world, as well as worldwide carbon footprint reduction efforts. Section 2 is dedicated to social responsibility, with chapters covering topics including improving agricultural food chains and humanitarian challenges for businesses. Finally Section 3 promotes ethical responsibility, analyzing ways to improve supplier compliance to product, process and ethical standards.

Raya Mahsa Rahmani Noble, 2018-08-01 From the palaces of pre-revolutionary Iran to Swiss boarding schools and the world's glamour capitals, Princess Soraya Esfandiary Bahktari lived a life seemingly straight out of a fairy tale. The only daughter of a prominent Iranian family, at sixteen she is selected from among the most beautiful and eligible women of her

country to wed the Shah of Iran. Too young to recognize prominent members of Iranian society made the matchand that her job is to help unite a country being driven apartone truth is inescapable: Soraya loves the Shah deeply. Sadly, her affections are not equally returned, and her life is shattered overnight. The red carpet is pulled from under her feet as her royal status is torn away. Years later, a chance encounter with a distant relative leads Soraya back on a journey through the tender and tumultuous times of her life as another young woman struggles to come to terms with love and betrayal. Together, they share their stories of defeat and victories of love, hoping to make sense of the ever-fragile human heart.

AAA and Network Security for Mobile Access Madjid Nakhjiri,Mahsa Nakhjiri,2005-11-01 AAA (Authentication, Authorization, Accounting) describes a framework for intelligently controlling access to network resources, enforcing policies, and providing the information necessary to bill for services. AAA and Network Security for Mobile Access is an invaluable guide to the AAA concepts and framework, including its protocols Diameter and Radius. The authors give an overview of established and emerging standards for the provision of secure network access for mobile users while providing the basic design concepts and motivations. AAA and Network Security for Mobile Access: Covers trust, i.e., authentication and security key management for fixed and mobile users, and various approaches to trust establishment. Discusses public key infrastructures and provides practical tips on certificates management. Introduces Diameter, a state-of-the-art AAA protocol designed to meet today's reliability, security and robustness requirements, and examines Diameter-Mobile IP interactions. Explains RADIUS (Remote Authentication Dial-In User Services) and its latest extensions. Details EAP (Extensible Authentication Protocol) in-depth, giving a protocol overview, and covering EAP-XXX authentication methods as well as use of EAP in 802 networks. Describes IP mobility protocols including IP level mobility management, its security and optimizations, and latest IETF seamless mobility protocols. Includes a chapter describing the details of Mobile IP and AAA interaction, illustrating Diameter Mobile IP applications and the process used in CDMA2000. Contains a section on security and AAA issues to support roaming, discussing a variety of options for operator co-existence, including an overview of Liberty Alliance. This text will provide researchers in academia and industry, network security engineers, managers, developers and planners, as well as graduate students, with an accessible explanation of the standards fundamental to secure mobile access.

Under the Visible Life Kim Echlin,2016-02-04 Two women and a friendship that will change everything. Vividly rendered and sweeping in scope, Under the Visible Life is a stunning meditation on how hope can remain alive in the darkest of times, if we have someone to share our burdens with. Katherine Goodnow, half Canadian and half Chinese, struggles through a 1950's childhood hostile to all she represents. She breaks free as a teenager, embracing love and adventure, but soon faces the challenges of unexpected motherhood and an unreliable husband. Mahsa Weaver, half American and half Afghani, is only twelve when, after the death of her parents, she is sent to live with strict relatives in Karachi. Struggling to break free, she escapes to Montreal, but the threads of her past are not so easily severed, and she finds herself forced into an arranged

marriage. When Katherine and Mahsa meet in New York, they give each other the strength to fight for their freedom, and forge a bond of friendship that will last a lifetime.

A Revolution in Rhyme Fatemeh Shams, 2021 *A Revolution in Rhyme: Poetic Co-option under the Islamic Republic* tells the story of the lives and works of Iranian poets whose personal and literary career were shaped by the Iranian revolution in 1979. By drawing on similar examples, such as Soviet Russia, the book tries to tackle some key questions: how did these poets come to be known in the literary scene? What did they write about, and what were their ideas, styles, and literary techniques? And, last but not least, what kind of relationship have they established with the ruling power on the course of the past four decades? In a detailed study, Shams tackles the life and work of ten Iranian poets whose personal and literary lives transformed and were transformed by the 1979 Revolution and the rise of the Islamic Republic, shedding light on ways in which the current ruling state in Iran uses literature and particularly poetry as a tool for ideological dissemination.

Political Geography Rachael Squire, Anna Jackman, 2023-11-01 This innovative and thought-provoking text will teach you about the diverse and increasingly expansive sub-discipline of geopolitics. Divided into three sections, Political Geography draws on case studies from a diverse range of scales, contexts, and demographics, to introduce you to the key approaches, concepts, and futures of geopolitics. You will cover an extensive range of key topics in Political Geography, from feminist geopolitics to non-human worlds, and nationalism to peace and resistance. Throughout this first edition you will apply various theoretical lenses, utilise a wide range of examples both past and present, and draw on cutting edge scholarship to reinvigorate your understanding of important themes such as the state, borders, and territory. Based on the award-winning course at RHUL, Political Geography includes a variety of sites, spaces, materials, and images alongside 'In the field' tips, ideas for practical dissertation research, and tasks to facilitate active follow-on learning. Case studies, key terms, key questions and learning exercises, and annotated readings are included throughout every chapter to aid understanding and help you to engage and reflect on the content. Designed as a core text for undergraduates and an introductory text for postgraduates with an interest in Political Geography. Rachael Squire is lecturer in Human Geography at Royal Holloway University of London Anna Jackman is lecturer in Human Geography at University of Reading

Vaccines for Cancer Immunotherapy Nima Rezaei, Mahsa Keshavarz-Fathi, 2018-10-17 Therapeutic cancer vaccines represent a type of active cancer immunotherapy. Clinicians, scientists, and researchers working on cancer treatment require evidence-based and up-to-date resources relating to therapeutic cancer vaccines. *Vaccines for Cancer Immunotherapy* provides a reference for cancer treatment for clinicians and presents a well-organized resource for determining high-potential research areas. The book considers that this promising modality can be made more feasible as a treatment for cancer. Chapters cover cancer immunology, general approaches to cancer immunotherapy, vaccines, tumor antigens, the strategy of allogeneic and autologous cancer vaccines, personalized vaccines, whole-tumor antigen vaccines,

Knowledge Management in the Sharing Economy Elena-Mădălina Vătămănescu,Florina Magdalena Pînzaru,2017-11-14 This volume explores the challenge of engaging knowledge management in a sharing economy. In a hyper-competitive business environment, everything tends to be digital, virtual and highly networked, which raises the issue of how knowledge management can support the decision whether or not to share strategic resources or capabilities. The book answers questions such as: to what extent does the sharing economy preserve or compromise the competitive advantage of organizations? And what are the knowledge-management strategies for competitive, yet cautious sharing dynamics?

Innovations in Bio-Inspired Computing and Applications Ajith Abraham, Hideyasu Sasaki, Ricardo Rios, Niketa Gandhi, Umang Singh, Kun Ma, 2021-04-09 This book highlights recent research on bio-inspired computing and its various innovative applications in information and communication technologies. It presents 51 high-quality papers from the 11th International Conference on Innovations in Bio-Inspired Computing and Applications (IBICA 2020) and 10th World Congress on Information and Communication Technologies (WICT 2020), which was held online during December 16–18, 2019. As a premier conference, IBICA-WICT brings together researchers, engineers and practitioners whose work involves bio-inspired computing, computational intelligence and their applications in information security, real-world contexts, etc. Including contributions by authors from 25 countries, the book offers a valuable reference guide for all researchers, students and practitioners in the fields of Computer Science and Engineering.

Atlas of Parathyroid Surgery Alexander Shifrin, 2020-05-20 This Atlas is designed to illustrate different techniques on how to perform successful parathyroidectomy by using traditional four gland exploration approach and minimally invasive approaches, such as the open minimally invasive approach, video-assisted approach, back-door approach, transoral endoscopic parathyroidectomy approach (TOEPVA), and endoscopic lateral parathyroidectomy approach. It illustrates removal of a right and left, and superior and inferior parathyroid glands. Written by renowned endocrine surgeons and experts in the field, each chapter begins with a case description that defines the main aspect of surgery. Each picture, which is taken intraoperatively, is accompanied by corresponding drawings for easier understanding of the anatomical structures and steps of the procedure. In addition, most of the authors provided a video of the same case as it is depicted in the chapter. The Atlas also gives some common pitfalls of the procedure in an effort to avoid complications and improve patient outcomes. Atlas of Parathyroid Surgery provides an indispensable source of knowledge to all surgeons, those who just started their career, and those who are in the more advanced stages of their practice and are learning new techniques of parathyroidectomy.

The Night Rodrigo Blanco Calderon, 2022-02-08 For readers who love Bolaño, a new voice of Latin American fiction, winner of the Mario Vargas Llosa Prize. Recurring blackouts envelop Caracas in an inescapable darkness that makes nightmares come true. Real and fictional characters, most of them are writers, exchange the role of narrator in this polyphonic novel. They recount contradictory versions of the plot, a series of femicides that began with the energy crisis. The central narrator is a psychiatrist who manipulates the accounts of his friend, an author writing a book titled *The Night*; and

his patient, an advertising executive obsessed with understanding the world through word puzzles. The author shifts between crime fiction and metafiction, cautioning readers that the events retold are both true and manipulated. This is a political novel about the financial crisis and socio-political division in Venezuela from 2008 to 2010. The title of the book, originally also in English, is a gesture towards Chavism's failure to resist US influence. Yet, the form is unapologetically literary, a reflection on the depiction and distortion of reality through storytelling. Blanco Calderón said about the potential of language, I am convinced that all the evil in the world begins in them: in words (Caracas, 2010).

Survival August-September 2021: Debating US Foreign Policy The International Institute for Strategic Studies (IISS), 2023-04-21 Survival, the IISS's bimonthly journal, challenges conventional wisdom and brings fresh, often controversial, perspectives on strategic issues of the moment. In this issue: Daniel Deudney and G. John Ikenberry argue that liberal internationalism is more appropriate to contemporary global realities than the Quincy-coalition restraint James Crabtree explains why the West's Build Back Better World partnership will be hard-pressed to compete with China's Belt and Road Initiative Joellen Pretorius and Tom Sauer contend that if states are serious about nuclear disarmament, they should ditch the NPT and join the Ban Treaty instead Sameer Lalwani and Tyler Sagerstrom analyse what the India-Russia defence partnership means for US policy And eight more thought-provoking pieces, as well as our regular Book Reviews and Noteworthy column. Editor: Dr Dana Allin Managing Editor: Jonathan Stevenson Associate Editor: Carolyn West Assistant Editor: Jessica Watson

Coronavirus Disease - COVID-19 Nima Rezaei, 2021-05-10 In December 2019, the world witnessed the occurrence of a new coronavirus to humanity. The disease spread quickly and became known as a pandemic globally, affecting both society and the health care system, both the elderly and young groups of people, and both the men's and women's groups. It was a universal challenge that immediately caused a surge in scientific research. Be a part of a world rising in fighting against the pandemic, the Coronavirus Disease - COVID-19 was depicted in the early days of the pandemic, but updated by more than

200 scientists and clinicians to include many facets of this new infectious pandemic, including i, characteristics, ecology, and evolution of coronaviruses; ii, epidemiology, genetics, and pathogenesis (immune responses and oxidative stress) of the disease; iii, diagnosis, prognosis, and clinical manifestations of the disease in pediatrics, geriatrics, pregnant women, and neonates; iv, challenges of co-occurring the disease with tropical infections, cardiovascular diseases, hypertension, and cancer and to the settings of dentistry, hematology, ophthalmology, and pharmacy; v, transmission, prevention, and potential treatments, ranging from supportive ventilator support and nutrition therapy to potential virus- and host-based therapies, immune-based therapies, photobiomodulation, antiviral photodynamic therapy, and vaccines; vi, the resulting consequences on social lives, mental health, education, tourism industry and economy; and vii, multimodal approaches to solve the problem by bioinformatic methods, innovation and ingenuity, globalization, social and scientific networking, interdisciplinary approaches, and art integration. We are approaching December 2020 and the still presence of COVID-19, asking us to call it COVID (without 19).

America and Iran John Ghazvinian, 2021-01-26 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • A hugely ambitious, “delightfully readable, genuinely informative” portrait (The New York Times) of the two-centuries-long entwined histories of Iran and America—two powers who were once allies and now adversaries—by an admired historian and former journalist. In this rich, fascinating history, John Ghazvinian traces the complex story of the relations between these two nations back to the Persian Empire of the eighteenth century—the subject of great admiration by Thomas Jefferson and John Quincy Adams—and an America seen by Iranians as an ideal to emulate for their own government. Drawing on years of archival research both in the United States and Iran—including access to Iranian government archives rarely available to Western scholars—the Iranian-born, Oxford-educated historian leads us through the four seasons of U.S.-Iran relations: the spring of mutual fascination; the summer of early interactions; the autumn of close strategic ties; and the long, dark winter of mutual hatred. Ghazvinian makes clear where, how, and when it all went wrong. *America and Iran* shows why two countries that once had such heartfelt admiration for each other became such committed enemies—and why it didn’t have to turn out this way.
